F A Q

Q1: Could you suggest a design based on our requirements or samples?

Of course, we are professional. We can test samples free of charge according to your requirements.

Q2: Do you help with the operation of the product?

We have a product instruction manual. Of course, if you have any problems, you can find me through the mail or online chat window to solve the operation problems for you!

Q3: How do I process orders?

Let us know your requirements and applications, and then we provide you with detailed quotation and logistics according to your requirements, and finally we confirm the order details together!

Q4: How soon can you deliver the equipment?

We will deliver your equipment within 3~5 days (there are a lot of stock), custom or mold processing needs to take 7~15 days.

Q5: About packaging and shipping

Provide strong plywood packing machine, safe and in line with international export standards.

Q6: How do you ensure we receive a good product?

Our equipment is their own procurement of raw materials, their own installation and commissioning. We understand all aspects of our equipment and will not go through a third party, and we will send you the equipment debugging video before shipment, to ensure that there will be no quality problems on your hands, causing trouble to your work!

Product Description:

The package contents include one massager gun, five massage heads, one charger, and one user manual. The five massage heads include a round head, a fork head, a bullet head, a flat head, and a spinal head. Each massage head is designed to provide a different massage experience to the user. The round head is perfect for large muscle groups, while the fork head is designed for the neck and spine. The bullet head is ideal for deep tissue massage, and the flat head is perfect for relaxing muscles. The spinal head is designed to target the spine and provide a soothing massage.

The Five-Head Massager Gun has three massage modes that are designed to meet different needs. The first mode is a low-intensity mode that is perfect for relaxation and recovery. The second mode is a medium-intensity mode that is designed to relieve muscle soreness and improve blood circulation. The third mode is a high-intensity mode that is ideal for deep tissue massage and targeting stiff muscles.

The massager gun has a powerful battery capacity of 2500mAh that provides up to 4 hours of continuous use. The charging time is approximately 2-3 hours. The dimensions of the massager gun are 25 X 18 X 6cm, making it compact and easy to carry around. The material used in the construction of the massager gun is ABS plastic, which is durable and long-lasting.

In conclusion, the Five-Head Massager Gun is a must-have for anyone who wants to improve their physical performance and reduce muscle soreness. It is a portable personal massaging device that is easy to use and provides a variety of massage modes and heads. The powerful battery capacity and compact design make it perfect for people on the go. The ABS plastic construction ensures that it is durable and long-lasting. Get your Five-Head Massager Gun today and experience the benefits of a therapeutic percussive gun.
