## Product Description

### Facial Vibration and EMS Belt with Silicone Headband for Enhanced Skin Firming

#### Product Description:

With a battery life of 4-6 hours, the Electric Face Shaping Belt is perfect for those who want to use it on a daily basis. It only takes 2-3 hours to charge, so you can easily take it with you on the go. The belt is also equipped with a 1-year warranty, giving you peace of mind knowing that your investment is protected.

The Electric Face Shaping Belt uses gentle electric impulses to stimulate your facial muscles, helping to tone and lift sagging skin. It is easy to use and requires no special skills or training. Simply apply the belt to your face and let it do the work for you.

Whether you're looking to reduce the appearance of fine lines and wrinkles or just want to give your face a more youthful appearance, the Electric Face Shaping Belt is the perfect tool for the job. It is a safe and effective way to achieve a more contoured, lifted look without the need for expensive and painful treatments.

So why wait? Try the Electric Face Shaping Belt today and experience the benefits of this revolutionary product for yourself!

## F A Q

**Q1: Could you suggest a design based on our requirements or samples?**

Of course, we are professional. We can test samples free of charge according to your requirements.

**Q2: Do you help with the operation of the product?**

We have a product instruction manual. Of course, if you have any problems, you can find me through the mail or online chat window to solve the operation problems for you!

**Q3: How do I process orders?**

Let us know your requirements and applications, and then we provide you with detailed quotation and logistics according to your requirements, and finally we confirm the order details together!

**Q4: How soon can you deliver the equipment?**

We will deliver your equipment within 3~5 days (there are a lot of stock), custom or mold processing needs to take 7~15 days.

**Q5: About packaging and shipping**

Provide strong plywood packing machine, safe and in line with international export standards.

**Q6: How do you ensure we receive a good product?**

Our equipment is their own procurement of raw materials, their own installation and commissioning. We understand all aspects of our equipment and will not go through a third party, and we will send you the equipment debugging video before shipment, to ensure that there will be no quality problems on your hands, causing trouble to your work!

## Applications:

The GT-1205 Electric Face Lifting Belt is powered by electricity, making it easy and convenient to use. With its adjustable design, it can be customized to fit any face shape and size. The battery life of this product is 4-6 hours, providing ample time for usage before needing to be recharged. Charging time is quick and easy, taking only 2-3 hours to reach full battery capacity.

The Electric Face Lifting Belt is perfect for a variety of occasions and scenarios. Whether you're getting ready for a special event, preparing for a photoshoot, or just want to look your best on a daily basis, this product will help you achieve the look you desire. Need an extra lift before an important work meeting or job interview? The Electric Face Lifting Belt can help you look younger and more refreshed in just a few minutes. Want to slim down your face for a special occasion? This product can help you achieve a more contoured and sculpted look.

The Electric Face Lifting Belt is also ideal for those who want to incorporate a skincare routine into their daily lives. By using this product regularly, you can improve the overall appearance and health of your skin.

Overall, the GT-1205 Electric Face Lifting Belt is a must-have for anyone looking to enhance their appearance and achieve a more youthful, lifted, and slimmed look. Its easy-to-use design, adjustable fit, and long battery life make it the perfect tool for any occasion or scenario.

## FAQ:

**Q: What is the GT Electric Face Lifting Belt?**

A: The GT Electric Face Lifting Belt is a facial massager that uses gentle electric impulses to stimulate and lift the muscles in your face, helping to reduce wrinkles and fine lines.

**Q: How does the GT Electric Face Lifting Belt work?**

A: The GT Electric Face Lifting Belt uses micro-current technology to send gentle electric impulses to the muscles in your face, causing them to contract and relax. This helps to tone and lift the muscles, reducing the appearance of wrinkles and fine lines.

**Q: Is the GT Electric Face Lifting Belt safe to use?**

A: Yes, the GT Electric Face Lifting Belt is safe to use. It has been designed to meet international standards for safety and efficacy, and has been tested extensively to ensure that it is safe and effective for use on all skin types.

**Q: Where is the GT Electric Face Lifting Belt made?**

A: The GT Electric Face Lifting Belt is made in China.

**Q: What is the model number of the GT Electric Face Lifting Belt?**

A: The model number of the GT Electric Face Lifting Belt is GT-1205.
