F A Q

Q1: Could you suggest a design based on our requirements or samples?

Of course, we are professional. We can test samples free of charge according to your requirements.

Q2: Do you help with the operation of the product?

We have a product instruction manual. Of course, if you have any problems, you can find me through the mail or online chat window to solve the operation problems for you!

Q3: How do I process orders?

Let us know your requirements and applications, and then we provide you with detailed quotation and logistics according to your requirements, and finally we confirm the order details together!

Q4: How soon can you deliver the equipment?

We will deliver your equipment within 3~5 days (there are a lot of stock), custom or mold processing needs to take 7~15 days.

Q5: About packaging and shipping

Provide strong plywood packing machine, safe and in line with international export standards.

Q6: How do you ensure we receive a good product?

Our equipment is their own procurement of raw materials, their own installation and commissioning. We understand all aspects of our equipment and will not go through a third party, and we will send you the equipment debugging video before shipment, to ensure that there will be no quality problems on your hands, causing trouble to your work!

Product Description:

The Electric Head Massager is lightweight, weighing in at about 300 grams, making it easy to use and handle. The massager has three massage intensity levels that can be adjusted to provide the perfect level of pressure. Whether you need a gentle massage to soothe sore muscles or a deep tissue massage to work out knots, this massager has you covered. The Electric Head Massager is an excellent tool for anyone who suffers from headaches, migraines, or tension in the neck and shoulders. The massager's unique design allows it to reach all areas of the head, providing relief where you need it most. The massager can also be used on other parts of the body, making it a versatile tool for anyone who needs a deep tissue massage. The massager is easy to use and comes with a simple control panel that allows you to adjust the massage intensity level and choose from the four massage modes. The massager is also portable, making it easy to take with you wherever you go. Whether you're at home, in the office, or on the go, you can use this massager to relieve stress and tension. In summary, the Electric Head Massager is a powerful and versatile massager that can be used to provide relief to your head, neck, and shoulders. Its lightweight design and customizable massage modes make it easy to use, while its three massage intensity levels allow you to adjust the pressure to suit your individual needs. Whether you suffer from headaches, migraines, or tension in the neck and shoulders, the Electric Head Massager is an excellent tool to have on hand.

Applications:

The GT-HT05 is a full-body massager that can be used to relieve tension and stress in various areas of the body, but it is particularly effective in providing relief to the head. Its powerful 28W motor and advanced technology make it a top choice for anyone looking to soothe their mind and relax their body.

The electric head massager is perfect for use in a variety of occasions and scenarios. Whether you are looking to unwind after a long day at work, ease your mind before bed, or simply enjoy a relaxing massage, the GT-HT05 is an excellent choice. It is also great for those who suffer from headaches or migraines, as it can help to alleviate pain and reduce tension in the head.

The GT-HT05 has a usage time of 90 minutes, which is more than enough for a thorough and satisfying massage. Its compact size of 38.5 * 8 * 10 cm makes it easy to store and transport, so you can take it with you wherever you go.

In summary, the GT-HT05 Electric Head Massager is a top-of-the-line personal health care device that is perfect for anyone looking to relieve head tension and stress. Its advanced technology and superior quality make it a reliable and effective choice for anyone seeking a relaxing massage. So go ahead, give yourself the gift of a soothing massage and try the GT-HT05 Electric Brain Soother today!

Customization:

Personalize your GT Electric Head Massager (model number GT-HT05) with our product customization services. This head tension reliever is made in China and comes with a 1-year warranty. The electric head massager is lightweight, weighing about 300 g, and measures 38.5 * 8 * 10 cm, making it easy to use at home or on-the-go.

With 3 massage intensity levels, the GT Electric Head Massager is perfect for soothing brainwaves and relieving head tension. Customize your product to make it truly your own and enhance your experience with our Brainwave Soothing Headband.

Support and Services:

The Electric Head Massager is a high-quality product designed to provide a relaxing and rejuvenating experience for its users. Our technical support team is available to assist with any questions or concerns regarding the product's functionality, troubleshooting, and maintenance. Additionally, we offer a range of services including product repair, replacement of damaged parts, and warranty support. Our goal is to ensure that our customers have the best possible experience with our product and that it meets their expectations. Please do not hesitate to contact us for any assistance you may need.

Packing and Shipping:

Product Packaging:

The Electric Head Massager product comes in a sturdy cardboard box that is designed to protect the product during shipping. The product is carefully packed in the box along with a user manual and a charging cable.

Shipping:

The Electric Head Massager is shipped via standard shipping which takes around 5-7 business days for delivery. Customers can also opt for express shipping for faster delivery. The product is shipped from our warehouse within 24-48 hours after the order is placed. Once the product is shipped, customers receive a tracking number via email to track their package.
