F A Q

Q1: Could you suggest a design based on our requirements or samples?

Of course, we are professional. We can test samples free of charge according to your requirements.

Q2: Do you help with the operation of the product?

We have a product instruction manual. Of course, if you have any problems, you can find me through the mail or online chat window to solve the operation problems for you!

Q3: How do I process orders?

Let us know your requirements and applications, and then we provide you with detailed quotation and logistics according to your requirements, and finally we confirm the order details together!

Q4: How soon can you deliver the equipment?

We will deliver your equipment within 3~5 days (there are a lot of stock), custom or mold processing needs to take 7~15 days.

Q5: About packaging and shipping

Provide strong plywood packing machine, safe and in line with international export standards.

Q6: How do you ensure we receive a good product?

Our equipment is their own procurement of raw materials, their own installation and commissioning. We understand all aspects of our equipment and will not go through a third party, and we will send you the equipment debugging video before shipment, to ensure that there will be no quality problems on your hands, causing trouble to your work!

Product Description:

With four massage modes to choose from, this Electric Brain Soother offers a customized experience that can be tailored to your specific needs. Whether you're looking to relax and unwind after a long day at work or need help focusing during a stressful study session, this head massager has got you covered.

The Electric Head Massager is incredibly lightweight, weighing in at only about 300 G, which means you can take it with you wherever you go. It's perfect for travel or for using at home, making it a versatile device that can be used whenever you need it.

The package contents include the Electric Brain Soother, a USB cable for charging, and a user manual to help you get started with your

new device. With easy-to-follow instructions and a simple design, you'll be able to start using your new head massager right away. The Electric Head Massager is not just a device for your head - it can be used on your entire body. This makes it a versatile tool for personal health care and relaxation. Whether you need to soothe sore muscles or just want to unwind after a long day, this head massager has got you covered. So if you're looking for a way to calm your mind and relax your body, look no further than the Electric Head Massager. With its four massage modes, lightweight design, and full-body application, this device is the perfect addition to your self-care routine.
