Product Description

Cordless Scalp Neck Massager For Personal Health Care About 300g 90-Minute Usage

Product Description:

This scalp stimulating device is perfect for those who are constantly experiencing stress and tension in their daily lives. It is equipped with a cerebral calming apparatus that helps to relieve headaches, improve blood circulation, and reduce anxiety levels.

One of the best things about this head massager is that it is completely waterproof, making it easy to use in the shower or bath. This is a great feature for those who want to incorporate massage into their daily self-care routine.

The Electric Head Massager weighs only about 300g, making it lightweight and easy to handle. It is designed to fit comfortably in your hand, allowing you to easily reach all areas of your scalp without any discomfort.

With a usage time of 90 minutes and a charging time of only 2 hours, this device is perfect for those who are always on-the-go. It is easy to charge and can be used for multiple sessions before needing to be charged again.

This type of electric head massager is perfect for those who are looking for a convenient and effective way to relieve stress and tension in their daily lives. It is a great investment for those who want to improve their overall well-being and enjoy a relaxing massage experience whenever they need it.
