Product Description	The Electric Waist Massager is a handheld body massager that is perfect for home use. It is a powerful and effective way to relieve muscle tension and improve circulation. With three different massage modes and a remote control, this massager is a must-have for anyone looking to relax and unwind.

## Applications:

One of the most obvious uses for the GT-1202 Electric Waist Massager is for those who suffer from lower back pain. The massager can be used to target tight muscles and knots in the lower back area, providing relief and relaxation. Additionally, the massager can be used for those who suffer from neck and shoulder pain, as it can be easily adjusted to target these areas as well.

The GT-1202 Electric Waist Massager can also be used for those who suffer from poor circulation. The massager can be used to stimulate blood flow in the waist area, promoting healing and reducing swelling. Furthermore, the massager can be used for those who suffer from stress and anxiety, as it can be used to promote relaxation and reduce tension throughout the body.

Another great use for the GT-1202 Electric Waist Massager is for athletes or those who engage in physical activity. The massager can be used to help relieve muscle soreness and fatigue after a workout, as well as help prevent injury by increasing blood flow and flexibility. Overall, the GT-1202 Electric Waist Massager is a great tool to have on hand for anyone who suffers from back pain, neck pain, poor circulation, stress, or muscle soreness. Its compact size and versatility make it a great option for those who want to target multiple areas of the body.

Order your GT-1202 Electric Waist Massager today and experience the relief and relaxation that it can provide. The minimum order quantity is 1000 units and the price ranges from \$27.4-\$31.4/unit depending on the quantity ordered.
