Product Description

Carbon Fiber LCD Touch Screen Massage Gun

Product Description:

One of the special features of this massager is its adjustable arm, which allows you to reach all areas of your body, including your back, shoulders, and legs. The LCD touch screen display shows the speed level, battery life, and massage time, making it easy to customize your massage to suit your needs.

The Carbon Fiber Massager Gun has five speed levels, which range from 1200 to 3200 percussions per minute, allowing you to choose the intensity that's right for you. Whether you need a light massage to soothe sore muscles or a deep tissue massage to work out knots and tension, this massager has you covered.

This massager comes with a one-year warranty, giving you peace of mind that you're investing in a high-quality product that's built to last. Additionally, it comes with a carrying case, charger, and four different massage heads, including a ball head, fork head, bullet head, and flat head, allowing you to customize your massage to suit your needs.

Overall, the Carbon Fiber Massager Gun is an excellent choice for anyone looking for a powerful and versatile deep tissue massager.

With its adjustable arm, LCD touch screen, and five speed levels, it's easy to customize your massage to suit your needs. Plus, with the included carrying case, charger, and massage heads, you have everything you need to get started with your deep tissue therapy sessions right away.
