## Product Description

### Product Description:

The Carbon Fiber Massager Gun comes with four massage heads which can be easily attached to the adjustable arm. The massage heads include a large ball head, a small ball head, a flat head, and a bullet head. Each of these heads is designed to target different muscle groups and provide a range of massage techniques.

One of the special features of the Carbon Fiber Massager Gun is the LCD touch screen. This screen displays important information such as the battery life, speed, and massage head being used. The touch screen also allows you to adjust the speed of the massage gun to fit your individual needs.

The Carbon Fiber Massager Gun is powered by a rechargeable battery which provides up to four hours of use on a single charge. This makes it easy to take the massage gun with you wherever you go, whether you're traveling to a competition or just heading to the gym. Using the Carbon Fiber Massager Gun is easy. Simply attach the massage head of your choice, turn it on, and apply it to the desired muscle group. The vibrating motion of the massage gun helps to increase blood flow and reduce muscle tension, providing relief from sore muscles and helping to prevent injury.

In summary, the Carbon Fiber Massager Gun is a powerful and effective vibrating muscle massager that is perfect for anyone looking for a deep tissue massage. Its portable size, adjustable arm, LCD touch screen, and rechargeable battery make it a convenient and versatile tool for athletes, fitness enthusiasts, and anyone seeking relief from sore muscles.

### Applications:

The GT-8070 model is made from high-quality carbon fiber and comes with adjustable arm and LCD touch screen. It has five different speed levels that can be adjusted according to your needs and preferences. The massager gun is also CE, FCC, and ROHS certified, ensuring that it meets the highest standards of quality and safety.

This muscle massage gun is perfect for athletes, fitness enthusiasts, and anyone who wants to improve their health and wellbeing. It can be used before or after a workout to enhance muscle performance and reduce the risk of injury. It can also be used for pain relief and relaxation after a long day at work.

The Carbon Fiber Massager Gun is also a great gift idea for anyone who leads an active lifestyle. Its dimensions of 9.8 X 7.9 X 2.4 inches make it easy to carry around and store. It comes in a customized packaging, and delivery time ranges from 5-25 work days.

The charging time of the massager gun is only 2 hours, and it has a supply ability of up to 10000 per month. The minimum order quantity is 1000, with a price range of USD\$43-\$46 per unit. Payment terms include T/T, Western Union, and Money Gram.

In summary, the Carbon Fiber Massager Gun from GT is a powerful and versatile massaging device that can be used in a variety of occasions and scenarios. Whether you are an athlete, fitness enthusiast, or just someone who wants to improve their health and wellbeing, this product is definitely worth considering. Get your hands on this amazing product today and experience the benefits of high-frequency muscle massage.
