Product Description

Product Description:

Weighing only 1.5kg, this electric waist massager is lightweight and easy to maneuver, making it perfect for daily use. The powerful 24W motor provides deep and effective massage therapy that can help boost blood circulation and relieve muscle soreness, stiffness, and fatigue.

The Electric Waist Massager is not just limited to waist area. It can also be used as an electric scalp massager to relieve headaches, migraines, and improve hair growth. The compact design of this massager makes it easy to use on other parts of your body such as your neck, shoulders, back, and legs.

This electric massager is powered by electricity, making it easy to use and convenient to recharge. The included remote control allows you to adjust the intensity levels and switch between massage modes without having to manually adjust the settings.

With its versatility, portability, and effective performance, the Electric Waist Massager is the perfect addition to your home relaxation routine. Try it out today and experience the benefits of deep tissue massage therapy from the comfort of your own home.

Features:

Product Name: Electric Waist Massager

Voltage: 110V-240V

Applications:

The Electric Waist Massager is a versatile product and can be used in various occasions and scenarios. Here are a few examples:

After a long day at work: Sitting at a desk all day can take a toll on the lower back. The Electric Waist Massager can help alleviate the pain and discomfort associated with prolonged sitting.

Post-workout: If you've had an intense workout that targeted your core, the Electric Waist Massager can help soothe sore muscles and aid in recovery.

During menstrual cramps: For women who experience menstrual cramps, the Electric Waist Massager can provide relief and help ease the discomfort.

For people with chronic back pain: Those who suffer from chronic back pain can benefit from the Electric Waist Massager's targeted massage therapy. It helps to relieve tension and improve circulation.

For people with neck pain: Although the Electric Waist Massager is designed for the waist area, it can also be used on the neck and upper back. This makes it a versatile product that can help relieve pain and tension in multiple areas of the body.

During long car rides: Sitting in a car for an extended period can lead to stiffness and discomfort. The Electric Waist Massager can be used during a long car ride to help prevent these issues.

During long flights: Similar to long car rides, long flights can also lead to stiffness and discomfort. The Electric Waist Massager can be used during a flight to help alleviate these issues.

The Electric Waist Massager is a great investment for anyone looking to improve their overall well-being. With a minimum order quantity

of 1000 units and a price range of \$27.4-\$31.4/unit, it is an affordable option for both individuals and businesses. It comes in customized packaging and can be delivered in 5-25 work days. Payment terms include T/T, Western Union, and Money Gram. The supply ability is 10,000/month, making it a readily available product.
