Product Description

Product Description:

This body massage device features 8 massage nodes that work together to target different areas of the scalp. The nodes are strategically placed to provide optimal coverage and ensure a comprehensive massage experience. By combining kneading, rolling, and scratching techniques, this electric therapy massager stimulates the scalp and helps to relieve tension and promote blood circulation.

Designed with user convenience in mind, the Octopus Claw Scalp Massager is compact and easy to use. Simply place the massager on your scalp and adjust the intensity to your liking. Whether you prefer a gentle massage or a more invigorating experience, this product offers customizable settings to suit your preferences.

While this scalp massager offers a range of benefits, it is important to note that it is not waterproof. To ensure the longevity of the product, it is recommended to keep it away from water and moisture.

Manufactured in Shenzhen, China, this scalp massager meets high-quality standards and is built to last. The manufacturer's commitment to excellence is evident in the durable construction and reliable performance of this product.

In conclusion, the Octopus Claw Scalp Massager is a must-have for anyone looking to experience the benefits of scalp massage.

Whether you are seeking relaxation, stress relief, or improved scalp health, this versatile product delivers on all fronts. Treat yourself to the ultimate massage experience with this innovative and effective head scalp massager.

Applications:

The GT-1806 Octopus Claw Scalp Massager by GT is a versatile product that can be used in various occasions and scenarios. Whether you need a relaxing massage at home, in the office, or while traveling, this product is perfect for providing a soothing and rejuvenating experience.

One of the key application occasions for this body massage device is during self-care routines. The GT-1806 is designed to be used as a head scalp massager, offering a unique and invigorating way to relieve tension and promote relaxation. The gentle yet effective massage provided by the octopus claw design can help improve blood circulation and reduce stress after a long day.

Another ideal scenario for using the GT-1806 is in professional settings such as spas or wellness centers. The compact and lightweight design of the massager makes it easy to transport and use on multiple clients throughout the day. The durability of the product, with its rust-resistant and durable construction, ensures that it can withstand frequent use in a commercial environment.

For individuals looking to incorporate a head scalp massager into their daily routine, the GT-1806 is the perfect choice. The recommended usage of 30 minutes to 1 hour per day allows users to enjoy the benefits of this massage device regularly. Whether you prefer a gentle massage to unwind before bed or a more invigorating session to start your day, this product can cater to your needs.

In terms of product specifications, the GT-1806 is certified with CE, FCC, and RHOS, guaranteeing its quality and safety. With a minimum order quantity of 50 units and a price range of \$7.8 to \$8.59 per unit, this massager is accessible for both personal and professional use. The packaging details include a carton and customized packing options, making it easy to store and transport the product.

With a delivery time of 5-20 work days and payment terms including T/T, Western Union, and MoneyGram, purchasing the GT-1806 is convenient and efficient. The manufacturer based in Shenzhen, China, ensures that the product meets high manufacturing standards.

Weighing only 2.4 ounces and including 1 head massager octopus claw in the package contents, this product offers a convenient and effective solution for relaxation and stress relief.
