Product Description

The Massager is an innovative solution designed to provide effective relief and comfort for individuals suffering from back and waist discomfort. Made in China and certified with CE, FCC, and ROHS, this product guarantees quality and safety. Its rechargeable feature ensures convenience and portability, allowing users to enjoy therapeutic massage sessions anytime and anywhere without the hassle of constant battery replacements. This Electric Back and Waist Massager is ideal for use in various occasions and scenarios. At home, it serves as a perfect companion for relaxation after a long day, helping to alleviate muscle tension and improve blood circulation. Whether you are watching TV, reading, or resting, the massager can be easily strapped around your waist for targeted relief. Its ergonomic design fits comfortably and provides deep tissue massage, making it suitable for people of all ages. In the office environment, the Rechargeable Electric Waist Massager is a great tool to combat the effects of prolonged sitting. Employees can use it during breaks to reduce stiffness and prevent chronic back pain, thus enhancing productivity and overall well-being. The smart features of this device allow users to customize massage intensity and modes, catering to individual preferences and needs. For fitness enthusiasts and athletes, the GT Smart Electric Waist Massager offers valuable support in muscle recovery. After intense workouts or physical activities, it helps to relax sore muscles and reduce fatigue, promoting faster healing and improved performance. Its portability means it can be conveniently taken to the gym or sports venues. The product is available with customized packaging, shipped in cartons to ensure safe delivery within 5-25 work days. With a minimum order quantity of 1000 units and a price range of \$4.85 to \$4.2 per unit, it is an excellent choice for retailers and distributors looking to supply high-quality electric massagers. Payment options include T/T, Western Union, and Money Gram, while the supply ability stands at 10,000 units per month, ensuring steady availability for large orders. Overall, the Massager is a versatile and practical device that fits seamlessly into daily life, offering smart, rechargeable, and effective relief for back and waist pain across multiple settings.
